Holcim completes acquisition of Duro-Last roofing systems

- **Leading roofing systems company with net sales of USD 540 million in highly profitable North America roofing market**
- **Highly regarded brand recognized for leadership in innovation and sustainability**
- **Holcim roofing systems will exceed USD 4 billion in net sales ahead of schedule**

Holcim completed the acquisition of Duro-Last, a US leader in commercial roofing systems, with pro forma net sales of USD 540 million. Duro-Last has a track record of double-digit growth in North America's highly profitable USD >40 billion roofing market, driven by leading brands, proprietary technologies and custom-made solutions. Duro-Last's systems will complement and strengthen Holcim's integrated roofing offer, with expected synergies of USD 60 million per year. With this acquisition, Holcim roofing systems will exceed USD 4 billion in net sales ahead of schedule.

Jan Jenisch, CEO: "I am excited to welcome all 840 Duro-Last employees to the Holcim family. Duro-Last is a perfect strategic fit for our roofing business. Its proprietary technologies and leading brands complement our offering in the fast-growing North American market. Its energy-efficient systems and excellence in recycling will further advance our leadership in sustainability. This is another exciting step in the expansion of Solutions & Products, advancing our 'Strategy 2025 – Accelerating Green Growth' to become the global leader in innovative and sustainable building solutions."

Duro-Last is recognized for its leadership in innovation and sustainability. Its leading Research & Development organization is continuously expanding its range of proprietary technologies and custom-made solutions for superior performance. At the forefront of sustainability, Duro-Last's systems range from cool roofs, enhancing buildings' energy efficiency, to its award-winning "Recycle Your Roof" program, driving circularity in roofing. Duro-Last is the first company in the United States to offer third-party verified environmental product declarations for its thermoplastic roofing solutions. With these credentials, Duro-Last's systems are in line with the most advanced green building certifications, such as LEED.

This acquisition advances Holcim's "Strategy 2025 – Accelerating Green Growth" with the goal to expand its Solutions & Products business to 30% of Group net sales by 2025, entering the most attractive construction segments, from roofing and insulation to repair and refurbishment.

About Holcim

Holcim is a global leader in innovative and sustainable building solutions. Driven by its purpose to build progress for people and the planet, its 60,000 employees are on a mission to decarbonize building, while improving living standards for all. The company empowers its customers across all regions to build better with less, with its broad range of low-carbon and circular solutions, from ECOPact to ECOPlanet. With its innovative systems, from Elevate roofing to PRB's insulation, Holcim makes buildings more sustainable in use, driving energy efficiency and green retrofitting. With sustainability at the core of its strategy, Holcim is becoming a net-zero company with 1.5°C targets validated by the Science Based Targets initiative (SBTi).

About Duro-Last®, Inc.

Duro-Last is a leading manufacturer of custom-fabricated thermoplastic single-ply roofing systems based in Saginaw, Michigan, with eight manufacturing locations across the US. Known as the "World's Best Roof®", Duro-Last®, Inc. is the world's largest manufacturer of custom-fabricated, thermoplastic single-ply roofing systems. Factory controlled custom-fabrication can eliminate up to 85% of field seams, resulting in lower on-site labor costs and easier installation. Duro-Last's roofing systems are sustainable and durable. Over two billion square feet of Duro-Last membrane has been installed throughout North America. For more information on Duro-Last, call 800-248-0280 or visit www.duro-last.com.
